

Maintain independence; why not join us at Day Care?

Day Care at Forest Lodge is new to the community and aims to provide the ideal solution for those who are still able to live in their own homes but want to meet new people and socialise. It is designed to support those who wish to maintain their independence. As a day care participant you will have the opportunity to enjoy a wide range of organised activities, a 3 course meal whilst still remaining a resident of your own home.

If you care for a loved one, our day care and respite service allows you to have a well-deserved break for a few hours. This allows you to relax whilst knowing your loved ones are in a safe and caring environment; enjoying themselves.

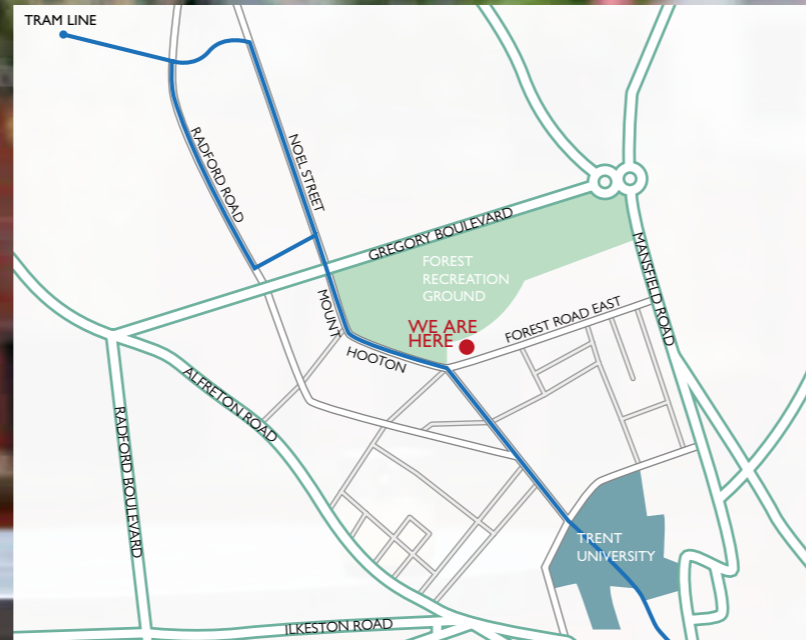

Day care - A typical day

Starting between 8am and 10am, attendees will be collected from their homes in one of our mini-buses, especially adapted for ease of access. On arrival at the Home you will be able to delight in breakfast complemented with a choice of tea or coffee, juices, biscuits and freshly made cakes.

Following that, you may well like to take part in the organised activities on offer; learn a new skill or just catch up with fellow day care attendees and residents of the Home. A delightful lunch will be served between 12pm and 1.30pm and following that you can relax or join in the afternoon's activities. This will then bring the day to an end and you will safely be driven back to your home between 4pm and 6pm (if using our minibus service).
